

# Project Goals

## Goal 1

Update the blueprint for maintaining and improving the quality of the existing Village transportation system.

Reduce auto trips and congestion on roadways within the Village.

## Goal 2

Continue developing the pedestrian and bicycle network to increase bicycle trips, improve walkability in the community, increase safety and comfort, and meet the transportation and recreational needs of the Village residents.

Enhance and expand the existing transit service in the Village to increase ridership.

## Goal 3

Expand the use of multi-modal technology throughout the Village that promotes safety, efficiency, and accommodates future technology.
